### A letter from the Chair of Governors

22.06.2016

Dear Parents and carers,

I am writing to inform you that the latest Ofsted report is now published and can be found on the school website and I enclose a copy of the summary of key findings.

The report is largely positive with good judgments in the majority of areas. This clearly shows that the school continues to make good progress. It also reflects the commitment of all members of staff to school improvement.

Governors have already ensured that all necessary policies have been fully updated, and that we have taken advantage of the most recent training opportunities. Arrangements have been put in place for a more rigorous and regular reporting back to Governors to ensure that evaluation of practice is both systematic and robust.

We clearly need to strengthen the Governing Body and can only do this by recruiting more enthusiastic people who are committed to working alongside other Governors in helping our school to progress further.

Since the inspection we have been proactive in recruiting three new Governors. However the children and school need the support and help of parents / carers who are willing to have a go and make a difference. The Governors are already drawing up a training plan. Each new Governor will have a mentor to help them settle in and feel comfortable. I am always available for an informal chat about the role of the school Governor and can be contacted via the school.

Finally I would like to reiterate my thanks to all the staff for their continuing efforts especially throughout this difficult year.

Yours sincerely,

Mr B. Pick (Chair of Governors)
