

Bedtime Story Session

A big thank you to everyone who joined in our National Story telling Week, Bedtime Reading Session. We had 181 Children and parents came back to school at 5pm, to listen to some favourite stories, read by the teacher.

After hot chocolate and biscuits, there was information and top tips for parents, to help support reading at home. If you were unable to attend, there is information on our website about how parents can help support children's reading at home. Look under the parents section—How to help your child and you will find a guide of how to support phonics and some activities to help your child enjoy reading. The leaflets are also available from the main reception area.

Wellington Boot Appeal

We have two members of staff, Mrs Butcher and Mrs Seager, who are able to take Forest Schools sessions. Forest Schools is a great way for children to experience learning outdoors, to learn to work with others and develop their own confidence in new and challenging activities. In order for as many children to access outdoor education, all year round, we would like to build a collection of spare wellington boots, so children can still participate in these activities.

If you have any spare wellington boots, which are in good condition, which are unused or your children have grown out of them, we would appreciate it if you would donate them to school.

Thank you.

Breakfast Club Timings

Please be aware that breakfast club does not begin until **8am**. Children should not be dropped off and left unattended, without an adult, prior to this point.

Also, can we please ask if parents are bringing children by car, please use the roundabout area, at the bottom of the school drive, to drop off and turn round and please avoid blocking parking spaces, as staff may be trying to park at this time.
